AMAL FOUNDATION ANNOUNCES
THE PROJECT OF ESTABLISHMENT OF

DR. APJ ABDUL KALAM EDUCATION MISSION SCHOOL

(Approved by the BoT in its 5th Meeting held on 27/3/2022)

AMAL FOUNDATION: The Association of Mankind Lovers was founded in the year 2020 to serve mankind by way of helping the poor, needy and downtrodden people of the society in becoming self-reliant in the fields of education, healthcare and livelihood. It is a *pro bono* initiative and is funded by the general public.

For the purpose of eradication of the darkness of illiteracy and socio-economic backwardness especially amongst Muslims and downtrodden people of the society by way of adding quality education and training imparting academic institutions and making a small contribution in nation building, we are pleased to announce the project of establishment of a model school namely **Dr. APJ Abdul Kalam Education Mission School** as a pilot project at Deoband, District Saharanpur, Uttar Pradesh. The cost of the whole project shall be Rs. 1 crore for Primary Section (Phase- I), between Rs. 8 to 10 crores for Sr. Secondary CBSE School (Phase- II) and between Rs. 15 to 20 crores for an IB international residential school. The estimated time frame for accomplishment of the project (upto Phase-II) is three to five years from now. However, the teaching of primary sections i.e. preparatory to class- II is proposed to be started from the forthcoming academic session i.e. **AY 2022-2023** in a rented building with state of the art infrastructure, especially designed curriculum, and highly qualified & trained human resource. Upon accomplishment, this model will be taken to other parts of the country, where there is a considerable population of Muslims reside.

PROJECT BENEFITS: The project will cater the need of education of the society. At the same time it will also generate employment for the community. At least 100 people will get direct employment as teachers, support staff, security service, and in the housekeeping service in one non-residential school while indirect employment will also generate in real-estate, construction and allied sectors. The ultimate benefit of the project would be our small contribution, as a community, in nation building.

PROJECT BENEFICIARIES: It will provide low cost high quality education to the children of all communities without any discrimination irrespective of their cast, creed and religion.

REVENUE MODEL: The infrastructural set up will be erected from public funding. However, for recurring expenditure a reasonable tuition fee will be charged from the students. It will help the school in becoming self-reliant in the long term.

-:2:-

PROJECT FUNDING: Being a *pro bono* community project, the general public is appealed to wholeheartedly support it by making generous contribution on the principle of one rupee per person per day. If there are, for example, four members in a family, contribution can be made as per following slabs:

S. No.	Family Size	Contribution Frequency				
		Daily	Monthly	Quarterly	Bi Annually	Annually
1.	Single Member	1	30	90	180	360
2.	Two Family Members	2	60	180	360	720
3.	Three Family Members	3	90	270	540	1080
4.	Four Family Members	4	120	360	720	1440

People may also pay any amount of their choice.

HOW TO PAY? Interested people may send their contribution via either of the following channels:

BANK TRANSFER

Amal Foundation

Account No.: 50200055161321

IFSC Code: HDFC0001974

OR

E-TRANSFER CAN ALSO BE MADE THROUGH QR CODES OF UPI PAYMENTS APPS SUCH AS PAYTM GOOGLEPAY ETC AS AVAILABLE ON OUR WEBSITE-DONATE SECTION

NOTE: It is, however, mandatory to share the screenshot and senders basic detail such as name, address and contact number on **WHATSAPP NO. 8076671941** after making any contribution so that a counter receipt of the contribution amount may be generated and sent to the contributor.

IMPORTANT FEATURE: As per 2011 census, there are **17 crores 20 lakh Muslims** in India. If only few thousands of them support the cause of education and development by donating 4 rupees a day, the entire cost of the project would be met out within a year or two from now. So give it a thought and join hands with us. Our small contribution for nation building can really bring great changes in the society for good. Building a world class community school will cost each of us less than the monthly bills of our **DTH, Mobile Phones, and Wifi service.**

Finally, we should remember that Allah will not change the condition of people as long as they do not change their state themselves.
